

FAST, FLEXIBLE AND EFFICIENT

THE SMART, EASY-TO-USE, PORTABLE POS
PRINTER RANGE FOR BUSINESSES ON THE MOVE

TM-P20, TM-P60II, TM-P60II Peeler, TM-P80

EPSON®
EXCEED YOUR VISION

THE SMART, FAST AND FLEXIBLE PORTABLE POS PRINTING SOLUTION

With the fast, effective and flexible portable POS printer range from Epson, you can make any retail visit a more pleasurable, quicker and customer focused experience for every individual. Using our latest portable, wireless mobile printing technology, more customers can be served more efficiently by staff at cashier points or anywhere in-store.

Each unit in the range delivers high-quality receipt and barcode printing, with the additional flexibility of label printing on the TM-P60II Peeler model. In addition, all models have the capability for direct printing from web browsers on tablets or other mobile devices. Thanks to featuring both a rugged design and long battery life, the portable POS printer range from Epson can be relied on even in the busiest environments.

TM-P80

THE SMART, FAST AND FLEXIBLE PORTABLE POS PRINTING SOLUTION

Convenient, intuitive technology that boosts productivity and efficiency

Remove the cost and hassle of setting up a Wi-Fi printer with 'Easy Setting Functionality' that initiates Wi-Fi printing with no additional hardware requirements²

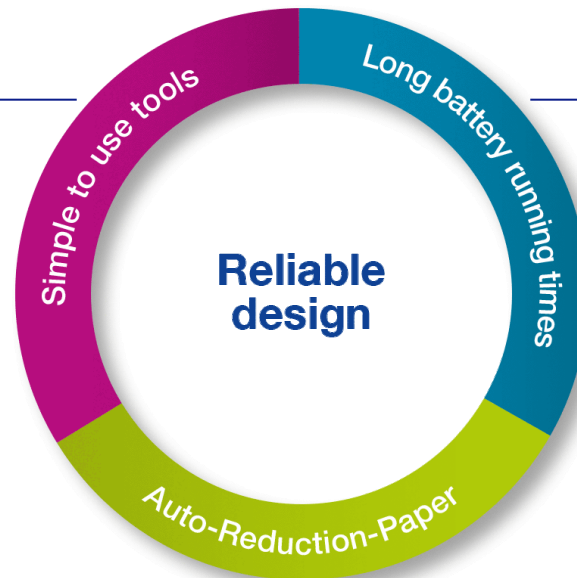

ePOS-Print eliminates the need for print drivers for direct printing from web browsers of tablets and other mobile devices¹

Enjoy quick pairing and easy print with Near Field Communication (NFC) for short-range, wireless communication between devices, and scanning QR codes

THE SMART, FAST AND FLEXIBLE PORTABLE POS PRINTING SOLUTION

Reliable design and engineering that saves business costs and won't let you down

Simple to use
deployment, monitoring
and maintenance tools
provided as standard

Long battery running times of
up to 46 hours in BT mode and
up to 25 hours in Wi-Fi mode
minimise down time and reduce
running costs

Integrated Auto-Reduction-Paper (ARP) function
minimises margins and receipt length with no compromise
on print quality or speed to reduce spend on consumables

WHO ARE WE TARGETING?

Restaurants, bars, venue/event hospitality

Serve more customers in quicker time – reduce queue lengths and customer waiting times

Fashion and other retailers

Bring the till to the customer across the store – improve the shopping experience and enhance customer and brand loyalty

Field sales, logistics and transportation

Provide receipts, delivery notices and tickets anytime, anywhere – reliable, on-demand printing that improves business operations and performance

- **Total setup time: 2-3 minutes**

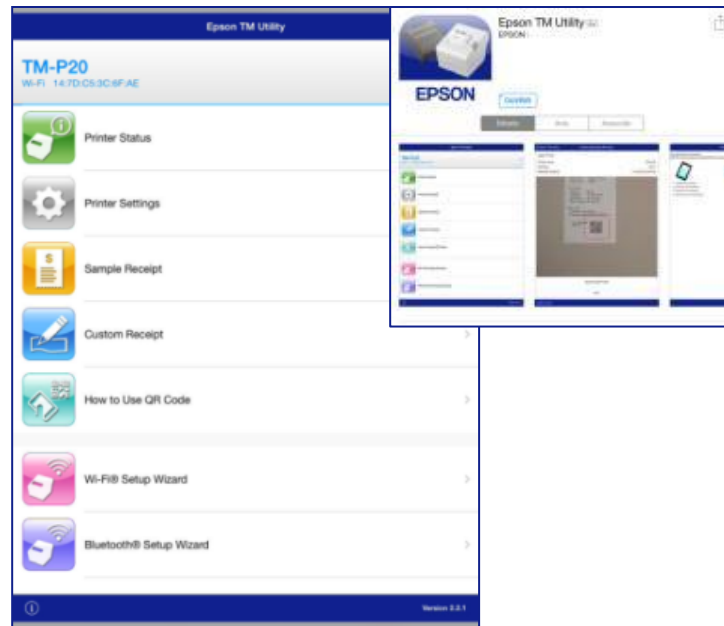

EPSON TM UTILITY

TM Utility software is to be used for checking and setting the following functions with mobiles or tablets:

- Current printer settings
- Operation check
- Storing logos
- Paper reduction
- Automatic paper cut
- Printing control
- Communication interface
- Backup/restore
- Easy pairing

The TM Utility app enables you to access a number of sample applications that you can develop using our Epson SDK (iOS, Android, ePOS-Print).

STATUS SHEET PRINT & QR CODE

Procedure for Wi-Fi & Bluetooth TM-P20 Printer

1. Make sure the printer is turned on.
2. Open the roll paper cover.
3. Install the roll paper.
4. With the roll paper cover open, keep pressing the 'Feed' button until the buzzer sounds.
5. Close the roll paper cover.
6. The printer starts printing the dynamic status sheet and a QR code

This QR-Code can be used with the TM-Utility software for:

- Quick pairing
- Printing from reading a QR code
