

# CREATIVE LIVE! CAM SYNC 1080P V2

## Full HD Webcam with Auto Mute and Noise Cancellation for Video Calls

Make a strong impression during an important web conference, and connect with your loved ones more intimately with full HD video and improved call quality! The Creative Live! Cam Sync 1080p V2 is smaller than its predecessor and has been further enhanced with improved built-in microphones for better voice pick up that's more natural-sounding, and is equipped with our latest audio innovation—the SmartComms Kit, a suite of smart communication features designed to simplify the way you take your online calls—so you can communicate smarter with less fuss.

Be ready in an instance for your video calls, online lessons, or web interviews (even the last-minute ones)! The Creative Live! Cam Sync 1080p V2 is UVC compliant and works with most of the popular video conferencing applications—just plug it in and put your best self forward!

**SIMPLIFY THE WAY YOU VIDEO CALL** - Creative Live! Cam Sync 1080p V2 sports our newest SmartComms Kit, a suite of smart communication features, including VoiceDetect that automatically unmutes you as you speak so you can free up your hands to take down notes or assist in your presentation, and the NoiseClean-out which cancels your static background noise during a call. The SmartComms Kit is available on the Creative app that can be downloaded onto any Windows 10 platform

**FULL HD WIDE-ANGLE VIDEO AND LOOK GOOD IN ANY ANGLE** - Creative Live! Cam Sync 1080p V2 accurately presents you in full HD video that is smooth, sharp, and vibrant. The wide 77° field of view allows you to capture more of everything with minimal optical distortion, so you can comfortably video call even as a group. It also allows 360° horizontal rotation and 30° vertical tilt, and comes with a universal mounting clip that allows it to be attached to a tripod for more versatile placements too

**UVC COMPLIANT WITH IMPROVED PHYSIQUE** - Plug it into any available USB-A port on your PC or Mac and you can start video calling with Live! Cam Sync 1080p V2. It is UVC compliant, which means that it requires no additional driver installation. The webcam is also smaller than its predecessor and comes with a longer cable (1.8m / 5.9 ft) for easy setup

**SUPPORTS CONFERENCE APP AND COMES WITH PRIVACY LENS** - Works with popular video conferencing apps such as Zoom, Skype, Microsoft Teams, Cisco WebEx, Google Meet, Facebook Messenger, and more. The webcam comes with an integrated lens cover that guards you from unwanted access to your webcam via spyware when not in use, so you can feel safe about leaving your camera connected. It also serves as protection against dust accumulation when not in use, keeping your lens clean for crisp video recording
