Super Vision, Even at Night

Get better night vision at increased distances with the C1C and enjoy round-the-clock protection. The advanced infrared LED lights along with an upgraded optical configuration means that even in dim light, you can still see up to 12 meters (40 ft.).

Always in the Know

You can't always be there – or can you? Featuring motion detection, the C1C watches over your property and immediately alerts you on your mobile device with an captured image when anything unusual happens. (Instant alerts must be activated manually.)

Communication Anytime, Anywhere

Talk to your loved ones and deter unwelcome strangers – all by using the C1C's two-way communication feature. Using the EZVIZ App on your mobile device, you can easily and conveniently enjoy communication wherever you might be.

Plug, Clamp and Go

A magnetic base and mounting kits make installation a breeze. Just place the C1C on the shelf or clamp it to the wall or ceiling, and voila! Once set up, you can manually adjust its position to monitor just about anywhere.
